

## Why This Magical Doc Is Important & How It Benefits You:

### **READ CAREFULLY BEFORE MODELING THE EMAILS - THE COMMENTS COMBINED WITH THESE TEMPLATES ARE VERY VALUABLE**

Email Templates you can model after for your “Strategy Session” / “Income Kickstarter” / “Free Consult” (whatever you want to call it) promotion :) Enjoy!

#### **Remember...MODEL and DO NOT COPY.**

Write them in your own voice, branding, and use your own call to actions. Get creative. Learn from Shaq. He’s always sending out new variations of these emails, but here are some ideas to get you started.

Additionally, it’s best to do these strategy session pushes once every other week or so. You can experiment with time frames, but I’d say start with a 3-5 day email push, then give it a break and give value / promote something else for the next 10 days before starting up.

You can also include it in the bottom of your emails using a P.S. session on the days you’re using the body of the email to promote. Example, give them a high value email / share something about your life and build the relationship and when you sign off say

“P.S. If you’d like to accelerate your online business, I’d be willing to speak with you over skype / phone, but only if you’re a serious action taker. If you nodded your head yes while reading this, then >> [Click Here To Fill Out An Application & Book A Call With Me](#) (My time is very limited, only do this if you’re serious)”

Also, to ensure your list does not get burnt out on the idea of your “Strategy Session” offer. Get creative and call it different things. Go buy a new domain for \$15 bucks, and copy the same Strategy Session presell page onto the home page.

Shaq has called his:

Elite27

ProjectCyrus

Income Kickstarter

Private Consult

Strategy Session

and many more...

Have fun with it like so:

Project17K >> play around with the marketing - I’m only taking on 17 new people who want to “K”ickstart their online business, but sounds catchy because people think money when they read 17K - just playing with ideas here - get a real secretive looking image / logo created for it, maybe an unopened safe with a gold logo. You get the idea. Give it that massive perceived value. This elevates your positioning as well.

[17 Spots Left To Claim Your Complimentary Income Kickstarter >>>](#)

This month, you'll be able to take advantage of 4 FREE LIVE Training Masterclass Webinars i'm hosting, each one valued at \$497 - \$1,997.

Considering my hourly rate right now is well over \$4,400 per hour.

This will be the best most effective use of time you will invest with me.

I'm planning to limit these to 250 people live on the call and also planning to "SELL" the recordings. Register early when I announce event dates for you.

I'm at the Great Business Show in London, UK. **Thousands of people here.**

We have the first booth on your right as you walk in, if you are in London come by and say hello to me and my staff, I've already had subscribers just like you come and meet me to say hello. Here's a pic of us. (I'm still under the flu, can hardly talk, so I'm taking it easy here)

WE DO HAVE A 60 MINUTE SOCIAL MEDIA ONLINE BUSINESS KICKSTARTER WORKSHOP - Today & Tommorrow **Booth 1021** (starting at the top of the hour, every hour) My lead trainer Paul is hosting these.

We are planning to do these ALL over the world, stay tuned.

When you get the invitation, be sure to register, attend and soak in the money-making wizardry I'll be conducting to help you make 2016 your best year ever.

### **Now, Claim Your Income Kickstarter (FINAL CHANCE)**

So you get a action plan for 2016 and if you want to take it further.

We have a revolutionary marketing and education platform, products and services that aren't "YET" public that eliminates most of the individual marketer's in-experience and abilities as variables for their success.

- We teach (give you) you a proven system on how to generate the leads, then filters and qualifies them for you.
- You'll learn - How to leverage our highly trained professionals from our in house call center follow-up with your prospects on your behalf, helping to close you sales so you can get paid like a BOSS. This eliminated the most dysfunctional aspects of selling, telling, and explaining.
- This is a revolutionary way of marketing that levels the playing field so that new marketers are often able to enjoy the same results as seasoned veterans without having to deal with many of the frustrations and long learning curves.
- It allows you to focus on building your business while "outsourcing" the most difficult sales and marketing aspects to **experienced professionals**, until you become one!

This is one of the first marketing and education systems and platforms ever created for the home business industry... and is no-doubt *causing a stir!*

### **100 New Millionaires by 2018**

Our mission is to be the first group of 100 millionaires created online. Would this be possible? No one thought we would survive and we now are in 150+ countries...

### **We are here to create a story...**

A story about how we took our determination and hard work, developed and tested it, and in a few short years created a global community of entrepreneurs who were carbon copying our secrets. A community who work as smart as they work hard. Who leverage each others success and experience in a virtual environment.

A story so compelling that millions of people will be inspired to go out and pursue their dreams and goals, creating their own legacy.

A story of a group of ordinary people that you can join as you see in this video.

Subject: [QUIZ + LIVE PROOF] 100 New Spots For \$100k per month M.C.S Partnership System

Body:

Hey Alex

The 100 "complimentary" IncomeKickstarter slots have all been snapped upright now, *not sure if I will open more slots this month.*

If I do open it up, I may charge \$97 - \$497 for it, if you took advantage of it then well done - Congrats!

**Now...**

I'm opening up 100 new spots for MCS Partnership Program - if the answer is YES to the 3 questions below, then apply.

Would you like a sure-fire 'commission crusher' system proven to 'Convert With Cold Traffic' aka random strangers - to create online wealth?

Would you like to **make huge \$1,250, \$3,300, \$5,500 & \$10,000 commissions per referral** instead of measly, wussy commissions that you can't even pay your mortgage with?

Would you like to be one of **my next 100 Millionaires in the next 3 years** and not get left behind like all the other poor souls who leave themselves by not working with me?

I get it.

**It's hard to trust a lot** of people as to who is the REAL DEAL.

This is why I opened up 1 of my 9 income streams and accepting **100 brand new applications here**. You maybe angered, surprised with the video I made for you here with the founder of the system.

Truth is, I don't care.

I'm the truth-telling marketer that is going to give you the unfair advantage you need and although I share with you how i'm banking big with this system.

I ain't doing it to impress you, my mom is impressed with me.

Hi Mom :-)

**[So for your sake, I wrote a brand new letter that was "closed to the general public" with a video showing you LIVE UNDENIABLE Income Proof to the tune of \\$100,000+ PER MONTH...](#)**

You'll get exclusive access to [SoloAdsAgency.com](#) for "done for you traffic" that actually converts to Top Tier Sales.

I'm keeping [this](#) open for the next 3 days only. If you've been on the fence to get in on this before everyone else does. Today is the day. Don't delay any longer.

I've already used this system "on the side" to make over \$2.3 MILLION in commissions, not sales, not revenue.

Commissions.

Cold-Hard commissions.

Only serious entrepreneurs wanted for this partnership program, and yes you do need at least \$1k per month in advertising budget to promote [this](#).

**[1. Watch how the system works here.](#)**

**[2. Read the letter I wrote for you.](#)**

**[3. After you Apply, send me your receipt to shaqir@shaqirhussyin.com so I can make sure I send you your bonuses.](#)**

Let's go and make it happen.

Tomorrow, I'll send over some case-studies of average people "crushing it" with this [system](#).

Questions? Email : [shaqir@shaqirhussyin.com](#) with subject line : MCS 100.

**Because since 2009 I've been quietly helping the GURU's make money with my Done For You Funnels back in the day when I joined CarbonCopy PRO, then Empower Network, then MOBE.**

I've been a top 1% earner in this industry since 2009 and now I'm here to make sure we help you get there too....

Over the last few months, I've been taking on "Pilot Program Members" giving them a massive 50% discount to work with myself and my team. (50/50 PP Spots opened)  
This is for you and all my other students...

For every struggling student who was misguided by "marketing education" and found themselves in the *customer-cycle of opportunity-buying* endless programs...

...For every disheartened hopeful who wished for a roadmap to revenue and success and was never given *all the pieces to connect together*...

...For every network marketer starving for *higher conversions* while they get stuck with low converting saturated funnel...

...For every technophobe who clawed the internet looking with jealousy at other marketers who had *cooler website widgets*...

...For every guilty shameful soul who blamed himself when his replicated website did NOT *convert like the testimonials said* they would...

...For every man or woman who felt helpless for not being able to *master a needed skill* they couldn't afford to hire out employees...

...For all who begged for clarity & confidence to start an online business alone then bought into infinitely *more difficult "money making systems"* instead...

...For every confused member of multiple programs who didn't know *which program he should focus on selling*...

...For every sleep-deprived, misunderstood entrepreneur whose spouse is disappointed with for *spending their life-savings* on a business-venture that's going nowhere and nowhere fast...

...For every man or woman who looked a fool while imitating others who pumped out *creative writing and selling ideas*...

...For every affiliate marketer starving for *cheaper, easier, and more targeted website traffic* while it moves always just beyond their grasp ...

...For every affiliate who's never earned more than a few bucks in commissions and wished they were a *better copywriter*...
